GLENCAIRN WHISKEY GLASS

The shape of the glass is derived from the traditional nosing glass used in whisky labs around Scotland. The glass design was conceived with the aid of Master blenders from five of the largest whisky companies in Scotland. In 2006 the glass was given the **Queen Award for innovation**. The Glencairn Glass is the first style of glass to be endorsed by the whisky industry and members of the SWA (Scotch Whiskey Association) and it is used by every whisky company in Scotland.
