

BRUNELLO TECNICO

The aroma extractor

Design: R. Cantoni

Brunello Tecnico

This 24% lead crystal goblet is made in Tuscany entirely by hand by the artisans of Arnofo di Cambio, featuring the famous 'indentation', that enhances the wine's aromas. Designed by R. Cantoni
340111 H: 24cm Max dia 19 cm 22 oz. 2 units/case

The **Brunello Tecnico**, one of the few oenological innovation in many years, is a universal glass designed for all great reds. **Tecnico** features a unique inward asymmetric indentation that creates a physical obstacle to the wine swirling. This optimises the air mixing of the wine's volatile substances, and greatly enhances the appreciation of the wine's aroma and Bouquet.

Brunello Tecnico limited edition signed on the foot by Robert Parker, featured in his web site www.erobertparker.com (2007)

Brunello Tecnico endorsed by the 'Consorzio del vino del Brunello di Montalcino' (2001)
